

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

DUBLIN SAN RAMON SERVICES DISTRICT

ORDER NO. 78-16

ORDER RESCINDING CEASE AND DESIST ORDER NO. 76-133

I. FINDINGS

The California Regional Water Quality Control Board, San Francisco Bay Region, finds that:

- A. On November 1, 1974, this Board adopted Order No. 74-132, an NPDES Permit, prescribing waste discharge requirements for the discharge of the Valley Community Services District (presently, the Dublin San Ramon Services District).
- B. On December 21, 1976, this Board adopted Order No. 76-133, a cease and desist order, which prohibited additional discharges to the District's sewer system. On March 15, 1977, the Board adopted Order No. 77-24 which amended the District's compliance time schedule, only.
- C. Order No. 76-133 provided for complete removal of the prohibition of additional discharges to the sewer system upon forthwith achievement and completion of certain specified tasks and demonstration of consistent compliance with the discharge requirements for chlorine residual, disinfection, pH, and pH variance in receiving waters.
- D. On May 31, 1977, the District, as a member of the Livermore-Amador Valley Water Management Agency (LAVWMA), adopted a resolution of intention to issue revenue bonds as a primary means of financing the facilities necessary to comply with Order No. 74-132 (NPDES Permit) and Cease and Desist Order, Order Nos. 76-133 and 77-24. The referendum period for legal challenge to this action expired July 31, 1977. In addition, the District has stated its intent to implement a pay-as-you-go financing method.
- E. The District, as a member of LAVWMA, has participated in completion of the design of the initial portion of facilities necessary to comply with Order Nos. 74-132, 76-133, and 77-24. The construction grant for this project (eligible cost of \$23,805,000) has been approved.
- F. The District has submitted documentation that the discharge requirements listed in C. above have been consistently complied with during the six month period June through November 1977. The District's self-monitoring reports have shown that since November, consistent compliance has continued.

- G. The District, as a member of LAVWMA, has completed significant tasks for construction of the LAVWMA export system which include receipt of acceptable bids for construction and favorable bid for the projects bonds. The bonds were sold and construction contracts were awarded before March 21, 1978.
 - H. The actions described in paragraphs D., E., F., and G. above represent achievement and completion of specified significant tasks and demonstration of consistent compliance with the discharge requirements listed.
 - I. On March 21, 1978, the California Regional Water Quality Control Board, San Francisco Bay Region, after due notice, held a public hearing pursuant to provisions of Water Code Section 13301 regarding the discharge of waste and pollutants by the Dublin San Ramon Services District.
- II. IT IS HEREBY ORDERED THAT Cease and Desist Order No. 76-133 is rescinded.

I, Fred H. Dierker, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on March 21, 1978.

FRED H. DIERKER
Executive Officer
